

OAMC OPTIMA SDP Tier Subscription Request Form

Institutions can request subscription access to Tier 1, Tier 2, Tier 3, or Full Access of the OAMC OPTIMA Sustainable Development Portfolio ecosystem.

Tier 1

Foundation Readiness

Suitable for institutions that want to confirm basic institutional legitimacy, governance foundation, operations, financial discipline, and record keeping.

- Entry-level self-assessment
- Best for new or early-stage institutions
- Supports internal improvement planning

Suggested Annual Subscription

¥250,000

About \$185

Recommended period: 12 months

Tier 2

Program Readiness

Suitable for institutions preparing to manage structured development programs, partner-funded activities, reporting obligations, and stronger internal controls.

- Program management focus
- Better fit for NGOs, cooperatives, and delivery partners
- Useful for donor and implementation discussions

Suggested Annual Subscription

¥500,000

About \$370

Recommended period: 12 months

Tier 3

Bankability & Investment Readiness

Suitable for institutions seeking structured finance, blended finance participation, investor engagement, and advanced growth positioning.

- Investment-readiness assessment
- Pipeline ranking and valuation orientation
- Best for mature institutions preparing for scale

Suggested Annual Subscription

¥1,200,000

About \$885

Recommended period: 12 months

Full Access

Complete SDP Ladder Access

Suitable for institutions that want the full institutional improvement, certification, and investment-readiness pathway from Tier 1 through Tier 3.

- Access to all three tiers
- Best for institutions seeking a structured upgrade pathway
- Strong fit for advisory, certification, and long-term support

Suggested Annual Subscription

¥1,750,000

About \$1,290

Recommended period: 12 months

Subscription Guidance

A subscription model is a sound approach because it helps you structure access, onboarding, support level, and premium positioning more professionally.

Recommended Access Logic

- **Tier 1 only:** For institutions just starting formal improvement.
- **Tier 1 + Tier 2:** For institutions preparing for donor or program partnerships.
- **Tier 3 access:** Best for institutions with stronger maturity or advisory support.
- **Full access:** For institutions that want the complete growth and certification pathway.

Suggested Pricing Logic

- **Tier 1:** Lower barrier to entry to encourage adoption.
- **Tier 2:** Mid-level pricing because of higher governance and program value.
- **Tier 3:** Premium pricing because it supports funding and investment positioning.
- **Full Access:** Discounted relative to buying all tiers separately.

Good Subscription Benefits to Offer

- Dashboard access
- Certificate generation
- Improvement notes or roadmap
- Portfolio listing consideration
- Priority advisory support for higher tiers
